NUMBER 308.

JOHN SHERMAN!

Distinguished Statesman Dead.

President McKinley Calls at Bereaved Home.

Funeral at Washington Wednesday, With Burial at Mansfield, Ohio.

LONG POLITICAL CAREER ENDED.

Washington, Oct. 22.—John Sherman, who for forty years occupied a prominent place in the legislative and administrative branches of public affairs, died at 6:45 this morning, of brain exhaustion. Death came to the aged sufferer peacefully after almost thirty-six hours of nearly complete unconsciousness. During the last fifteen hours of his life he was all the time unconscious. A number of relatives and friends, who assembled in Washington in response to summons, were at the bedside when the end came. Mrs. McKim, adopted daughter of the secretary, and relatives, remained constantly at his bedside during the last hours. Funeral services will be held in this city and Mansfield, Ohio. Interment will be at Mansfield.

Flags on the public buildings in Washington were lowered to half mast so to remain until after the funeral. The president as a mark of special honor to the deceased, resorted to the unusual course of personally preparing the expression of the nation's grief in the shape of a proclamation descriptive of the personal qualities and civic abilities of the deceased statesman. At the state department, also, a message was framed to be transmitted in multiple to United States ambassadors, ministers and charges abroad, officially notifying them of the demise of Secretary Sherman. President McKinley directed the White House closed to visitors. After ordering some beautiful flowers from the White House conservatory he went in person to Sherman's residence to express his grief and offer what consolation he could to the bereaved family. Mrs. McKim informed him of the provisional arrangements and the president decided not to delay his departure for Canton to-night if they were adhered to, but to attend the funeral services in Mansfield on Wednesday. Mrs. McKim later drove to the Sherman residence and left her card.

The funeral will be held at the Sherman residence Wednesday afternoon, Rev. Alexander Mackay-Smith, rector of St. John's church, officiating. The body will be taken to Mansfield, Ohio, services will be held at Mansfield, Thursday, which President McKinley will attend.

Mr. Sherman was in his 78th year. He leaves property estimated to be worth a million. His wife died last summer, and he never fully recovered from the blow.

NATIONAL POLITICS.

Chairman Jones Actually Believes Bryan Will Be Elected.

ROOSEVELT SPEAKING TO NEW YORKERS

Chicago, Oct. 22.—Chairman Jones, of the democratic national committee, said today: "I do not believe there is any doubt but that Bryan will carry New York. I believe our chances in carrying Ohio better than the republicans. I regard Illinois an exceedingly doubtful state. Telegrams from the chairman of the democratic state committee in California state we are going to carry California. Mayor Phelan, of San Francisco, says there is no doubt about the state. One of the causes of this change in sentiment in California is the decision of Judge Bates on the Chinese exclusion act in which he held that a Chinaman at any port in the United States

could go to any other port, and therefore the Chinaman in Hawaii could visit any city in the United States, thus practically throwing the door open to the free entry of Chinamen to this country. I have no doubt of the election of Bryan."

ROOSEVELT AT HOME

New York, Oct. 22.—With the intention of traveling 2,146 miles in New York state, delivering ninety-three speeches ranging from seven minutes to two hours, Gov. Roosevelt left West Haven by special train on the West Shore this morning.

Governor Roosevelt arrived at the West Shore depot at 10:30 o'clock. As he stepped on the platform of the car there were cries: "Speech!" The governor uncovered and said to the crowd: "My throat is not in good condition for me to say much, but I will say a few words. We are going to knock them out on the sixth."

West Nyack, N. Y., Oct. 22.—"Hurrah for Bryan," shouted a man in a small crowd that greeted Roosevelt as he stepped on the platform of the car. He said: "I am now back in my own state and I come to appeal to you, whose representative at Albany in the executive chair I have been to ask you to stand by the cause of civil honesty, civic decency, national prosperity and national honor. The paramount issue of the whole nation is, and for all, to stamp out Bryanism, and with it, in the state goes the most important question of stamping out the under foot Crookism."

BRYAN IN WEST VIRGINIA.

Wheeling, W. Va., Oct. 22.—Bryan made the first speech of his second West Virginia tour in this city at 10 o'clock today. He talked from a stand erected on a vacant block. The rain had been to fall before he appeared, but the crowd stood in the rain to hear him. He was received with loud applause.

Huntington, W. Va., Oct. 22.—W. J. Bryan, democratic presidential candidate, joined his private car early today at Kanova.

STEVENSON IN MICHIGAN.

Detroit, Oct. 22.—Adlai E. Stevenson, democratic presidential candidate, arrived at Detroit today from Chicago, and after breakfast left on a three days' speaking tour of Michigan. Stevenson said he was in splendid condition and expressed himself very confident of democratic success.

ANTI-IMPERIALIST ADDRESS.

Chicago, Oct. 22.—The anti-imperialist league issued an address to the forty voters asking them to vote for Bryan.

MUNICIPAL CONVENTION.

Met in this City This Afternoon—Delegates Present.
The municipal convention of the territory of New Mexico, pursuant to call, met at 1:30 o'clock this afternoon in the office of Mayor O. N. Marron, with Dr. J. J. Shuler, mayor of Batavia, in the chair. Among the delegates present were: Dr. Shuler and W. C. Wright, of Batavia; T. B. Catron, Jose D. Sena, of Santa Fe; Capt. J. W. Fleming, of Santa Fe; Wright and Martin Maher, of Silver City, and the Albuquerque delegation. Other delegates were appointed from other cities and towns, but had not arrived up to this afternoon.

OIL FIELDS NEAR BY.

An Expert Here to Examine and Make Report.
The local syndicate that is interested in the oil lands in this county, north of Bernalillo, are proceeding in a quiet way to ascertain if there is oil in quantities enough to pay to develop the property and drill for it. There arrived here within the past twenty-four hours a party from the oil regions of Pennsylvania, who is an expert in examining properties that show evidence of oil. This gentleman has been brought out here at considerable expense for the express purpose of making an examination of the above fields and on his report will depend the future movements of these interested. If the report is favorable, drilling will be started, and there is a great possibility of the report having a tendency towards development. The locality has for a long time given evidence of being oil bearing, and the report of the expert will be awaited with a great deal of interest.

THE REPUBLICANS!

Rousing Convention at Court House.

Hon. T. B. Catron Makes a Ringing Speech.

Winning Ticket Harmoniously Nominated.

BIG GATHERING OF REPUBLICANS.

The republican county convention convened at the court house at 10 o'clock this morning, and is in session this afternoon. It is the largest and most enthusiastic convention that has ever assembled in the county. The utmost harmony prevails and an excellent ticket will be nominated.

The convention was called to order by Frank A. Hubbell, chairman of the county central committee. He made an eloquent speech, predicting republican victory in the nation, territory and county. He was cheered to the echo by the immense crowd assembled.

Those A. Plinck was unanimously chosen temporary chairman of the convention, and made a ringing speech on taking the chair. He is one of the best speakers in the county, and put the audience spell-bound with his matchless eloquence and solid arguments till after the noon hour. At the conclusion of his speech Mr. Catron received an ovation, and the majority of the convention crowded about him and greeted him with enthusiasm. Chairman E. A. Miera; vice chairman, Policarpo Armijo; and Esquivelo Baca, secretaries; Emiliano Sandoval and T. K. Lawers; interpreters, Nestor Montoya and Modesto C. Ortiz.

The committee on resolutions reported as follows:
The republicans of Bernalillo county, in convention assembled, do hereby heartily endorse the patriotic principles unanimously adopted by the National convention held in Philadelphia, and likewise heartily endorse the declaration of principles contained in the platform of the Territorial Republican convention held in the city of Santa Fe.

We congratulate the people of New Mexico upon the bright prospects for the election of President William McKinley and Vice President Theodore Roosevelt, of four more years of national prosperity.

We heartily endorse the wise, conservative and patriotic administration of territorial affairs given us by Governor Miguel A. Otero, whose patriotism in time of war and conservatism in time of peace have greatly endeared him to the hearts of our people.

We commend the favorable consideration of the voters of Bernalillo county, the Hon. Bernard S. Rodney, the standard bearer of the republican party for election to congress, who by his faithful and consistent advocacy of republican principles, has earned and become entitled to the proud position to which he now aspires. Mr. Rodney has always been the friend of the laboring men of this territory, has fought his way from poverty and obscurity to his present exalted position among the leaders of New Mexico, and the county of his adoption pledges him at least a majority of twelve hundred votes at the coming election.

We are opposed to the continuance of the present coal law of this territory, which was enacted under democratic administration for political purposes, and the revenues of which were enjoyed by the appointee of a democratic governor, seemed to sicken the democrats of the territory, as soon as the emoluments thereof inured to the benefit of the republican party; and we arraign the democratic party for its inconsistent attitude upon the coal oil legislation of which it was the father. We favor the repeal of the present coal oil law.

We arraign the democratic party for the grossest inconsistency of which any party could be guilty in its attitude toward the creation and organization of McKinley county. Having opposed McKinley county and resolved against it in every public platform or document issued during the past two years, at the last territorial convention, realizing that the majority of the residents of McKinley county had come to favor it

How can you get along without a **WATCH**..

We have been selling watches for 21 years and when you buy a watch of us you buy a guarantee with it, and Fox's guarantee is good.

H. E. FOX, NEW MEXICO'S LEADING JEWELRY HOUSE.
By the way: When you want a Waterbury Fountain Pen call and see us.

In every way, the democrats stole and adopted the plank which had been the day before adopted by the republican territorial convention, and convicting itself of the rankest double dealing, perjury and dishonesty. The legislative delegation from this county is pledged to do everything in its power to secure additional territory for McKinley county.

We denounce the unholy alliance entered into between the so-called democratic-populist party of this county, the Peres-Otero disgruntled, demagogic, republican faction. For the past twenty years the representatives of these three political factions have been denouncing each other as utterly unworthy of public confidence, and are responsible for all the acts of maladministration in the county of Bernalillo.

The Spanish and English languages have failed to furnish sufficiently strong and bitter invectives for them to hurl against each other, and they now ask the people of Bernalillo county to forget all the truths they have told about each other for the past twenty years and to again support them in public office. We have the full confidence that the intelligent people of Bernalillo county are not possessed of such accommodating memories.

We are in favor of the general reform in our assessment laws as will give a fair and equitable assessment of all the property of the territory, and to that end we favor an independent non-partisan board of equalization in each county, for the purpose of equalizing the taxation upon all property.

We direct our representatives in the legislature to work for liberal appropriations for the territorial university, the Sisters' hospital, about to be erected, and to all other public institutions in this county.

We advocate "good roads" legislation as a subject involving the general progress and prosperity of the whole territory, and of special value and interest to our county, where the development of one of the richest mineral and agricultural districts in the world, in the Cochiti and Pena Blanca, has been retarded by the lack of proper laws as to the construction and maintenance of public highways and bridges.

We are in favor of the location of the Territorial Miners' hospital at Gallup, in the county of McKinley, in which county there are employed to-day more miners than in any two other counties in the territory, and pledge our representatives in the legislature to the support of a bill for that purpose.

The republicans of Bernalillo county believe that the labor of prisoners should be employed in such lines as will not permit it to come in competition with free labor. And we believe that railway companies and other corporations should be restrained by law from such practices and devices as enable them to save a few dollars at the risk of the lives of their employees, such as the system of "double-heading" trains, and we believe that the best interests of our country and the perpetuity of our free institutions depend upon the republican policy of guarding the interests of the laboring masses, and to that end they hold that in all work of a public character, whether by the territory or the county, the preference should be given to union labor.

We congratulate the people of this county upon the able and economic administration of county affairs during the past two years. The past two years are the only two years in the past history of which the public debt of Bernalillo county has not been increased. Not only has our debt, added upon us by the Pedro Peres and Mariano S. Otero administrations, not been increased, but our county treasury has succeeded in refunding \$175,000.00 of that debt at the rate of 4 per cent interest, which has heretofore borne 6 per cent and 7 per cent, thereby effecting a great saving to the people.

The Baca bridge at Pena Blanca needs additional approaches, and the commissioners of this county are hereby pledged to make this improvement at the earliest possible date.

After the adoption of the report of the committee on resolutions, Nestor Montoya was invited to address the convention in Spanish, and responded in a brilliant, forceful speech, which elicited the heartiest applause.

The following strong ticket was nominated:

For Council—Dr. G. W. Harrison for

Bernalillo and McKinley counties: Thomas Hughes for Bernalillo county. For Representatives—Emiliano Gutierrez and E. C. Chavez. School Superintendent—F. A. Hubbell. Probate Clerk—J. A. Summers. Treasurer and Collector—C. K. Newhall. Sheriff—T. S. Hubbell. Assessor—Alejandro Sandoval. County Commissioners—E. A. Miera, first district; Joseph Miller, second district; R. W. Hopkins, third district. Probate Judge—Esquivelo Baca. Surveyor—J. R. Farwell. River Commissioners—Epimenio Turoyo, Francisco Gonzales, Rafael Chavez, Francisco Gabilan. The central committee selected is as follows: Frank A. Hubbell, J. M. Sandoval, Policarpo Armijo, E. A. Miera, Manuel Baca, Vidal Chavez, Thomas Hughes, J. E. Saint, Rafael Chavez, Emiliano Sandoval, George C. Bowman.

The convention then adjourned.

CUTTING SCRAPE.

George Martine, a Tough Character, Used His Knife.
At the Otero-Peres political rally, in old town last Saturday night, there was a cutting scrape in which George Martine, a notoriously bad character, figured. Martine was full of native wine, and in that condition he is dangerous, for he doesn't know how to fight square and always carries a knife. He picked a quarrel with the two sons of Jose de Luz Chavez, deceased, and cut one of the boys on the right side near the groin and the other on the hand. Ramon Montano interfered, in order to prevent a murder, and had one of his hands badly slashed by Martine's knife. The would-be murderer then escaped from the hall, and was captured early yesterday morning near Isleta. He is now in the county jail. His victims are reported getting along nicely to-day, although the young man who received the cut in the left side came very near receiving a fatal wound.
